- The original application for medical cannabis business license, and any amendment thereto without extenuating circumstances, was due to AMCC on or before December 30, 2022.
- Beginning on December 31, 2022, any amendment to a previously filed application may only be made upon petition to the Commission showing in detail the changes being requested and the alleged extenuating circumstances that have prevented the applicant from including the information in the original application.
- An applicant may file only one amended application during the offering period.
- The business license applicant identified above has filed a timely and complete Petition for Amendment Due to Extenuating Circumstances.
- The business license applicant identified above has paid the invoice for the amendment fee in the amount of \$2,500.00.
- The amended application, as filed by the business license applicant identified above, includes only those amendments proposed in the applicant’s Petition for Amendment Due to Extenuating Circumstances, and any other changes to the original application will be disregarded by AMCC and may be grounds for denial of the applicant’s petition.
- The amended application, as filed by the business license applicant identified above, includes a full refiling of all required parts of the original application (whether or not modified) and such amended application does not incorporate by reference or adopt any portion of the original filing. (Any application item or exhibit which contains no amendment will remain, as originally filed, in the application portal.)
- The business license applicant identified above will, within seven (7) business days of the date on which the amended application was filed, submit “Original” and “Redacted” USBs of all refiled materials (whether or not modified), in accordance with Section 1.8 of the Application Guide.
- The business license applicant identified above will, within seven (7) business days of the date on which the amended application was filed, submit a “Redline” USB showing a redline version of any changes made to the application and/or exhibits.
- The Commission, at its meeting on April 13, 2023, will vote to accept or reject timely and properly filed petitions and proposed amended applications.
- The applicant’s failure to timely and properly file any item required with an amended application will result in the Commission’s denial of the applicant’s petition and/or amended application.

The undersigned hereby verifies that the applicant understands and will comply with the requirements hereinabove, and all other requirements of the AMCC rules.
